

Science Communications Specialist, Newomics (Full- or part-time, Berkeley CA or Remote)

Summary:

Newomics (newomics.com) is a fast-growing LC/MS start-up seeking a highly-motivated and enthusiastic Science Communications Specialist. This person will manage external communications, including drafting emails, website and marketing copy, press releases, and social media posts. The ideal candidate would work full-time in Berkeley, CA, but part-time and/or remote work could be an option for the right candidate.

Description:

A successful candidate will have an understanding of LC/MS, as well as communications experience, preferably within a marketing team.

Skills and experience required:

- Excellent writing skills both in science and general writing
- Ability to translate complex LC/MS concepts for potential customers and investors
- Ability to edit scientific/technical materials
- Masters or PhD preferred, with familiarity with LC/MS technology
- Experience writing marketing materials
- Experience managing social media preferred
- Ability to work collaboratively, but self-motivated to write independently and in a timely-manner

Salary and benefits: Salary commensurate with experience. Full-time candidates will receive a generous benefits package.

How to apply:

Send cover letter, resume, and two writing samples to jobs@newomics.com.
